

8 to 10 Oct 2020, 11-13 AM (CET) 18-20 PM (JST)

Workshop on

GOOD PRACTICES FOR DISASTER RISK MANAGEMENT OF CULTURAL HERITAGE

Ritsumeikan University, DMUCH, and ICCROM invite you to participate in our online workshop on Good Practices for Disaster Risk Management of Cultural Heritage. This workshop aims to showcase good practices undertaken by the former participants of the International Training Course on Disaster Risk Management of Cultural Heritage (ITC) and discuss the future directions based on lessons learnt. The presenters for this workshop were selected through a review of submitted applications. An internationally acclaimed jury will select two presenters with awards for best practices in disaster risk management of cultural heritage during the workshop. Please do not miss this opportunity. We are looking forward to your participation.

Selected Good Practice Presentations

8 October (Thurs)

ITC 2014

Fire risk mitigation strategies for urban heritage site in Cairo, Egypt
